REPORT OF PLANNING BOARD

During the year two members of the origional Planning board have moved away from town. After appointment of two new members to fill their office the board has reorganized and held several meetings during the summer.

The prime object of the Planning Board for this year was to set up regulations pertaining to the subdivision of land within the town for future development.

The board obtained the assistance of the Planning Director of the N. H. Dept. of Resources and Economic Development for this project.

At our first meeting the Selectmen, Town Clerk, Board of Adjustment, and Building Inspector were invited to sit with us and discuss our plans. After several meetings of the Planning Board we established regulations for land subdivision within the town.

On Oct. 19, 1967 a public hearing at the fire station was held on the proposed regulations. Although the public attendance was very small, our plans were presented and after public discussion were adopted.

The establishment of regulation on subdivision of land is not intended to propose any hardship in land development to its citizens. But rather these regulations are established to permit orderly development of growth and building within the town. Otherwise a poorly planned development could become a financial burden to our town.

The planning board would like to recommend the following suggestions to be acted upon during the year 1968.

1. Further development of the Carpenter Memorial

Park so that it may be used during the current year. That an appropriation of money be raised for necessary construction.

2. That review of the Town Building Code and Zoning Ordinances be studied with any recommendation presented at the next town meeting.

3. The naming of any roads within the town which are now unnamed, and to study the cost of buying road signs where necessary.

4. Close cooperation and work between the Conservation Commission and Planning board will be carried on to ensure future development of the town.

5. A Regional Meeting to be held in Concord in January will be attended by members of the Chichester Planning Board.

CHICHESTER PLANNING BOARD

REPORT OF FIRE DEPT.

As Fire Chief and Fire Warden I am submitting a joint report for the year.

During the year 1967 we answered a total of 8 fire calls against a total of 24 for 1966.

Whether this is the result of better fire prevention among the citizens or not I do not know but it certainly produces a much better record than 1966.

Of the 8 fires last year, 2 were building fires, 1 chimney, 3 woods fires and 2 out of town calls.

The department has been working on a tank truck for two years and now has it completed enough to be put in service. As we have been trying to do most of it with money raised by the members and due to the high cost of material, progress has been slow. Many hours of volunteer time have gone into its construction which will go unnoticed by the average person. Due to the shortage of manpower during the day simplicity of operation of the truck has been foremost in its construction.

During the year 1967 the old 1941 Chevrolet pumper broke down during a fire and presently is out of operation. Due to the type of construction of a fire truck the breakdown of a pump can be a costly item, therefore repairs can only be made with the little money available.

We have an active and interested group in our volunteer fire dept. and are always discussing ways to improve the department.

During the year a junior Dept. has been organized with a membership of boys between 16 and 18 years of age. They are very active and show much interest in their work. These young boys can become a big

asset to the regular dept. Any boy over 16 interested in joining may contact me or Ronald Mattice of the Jr. Dept.

In behalf of the Vol. Fire Dept. I would like to express our sympathy to the loss of Ben Daroska Jr. who was instrumental in organizing the Jr. Dept. and served as their first Chief.

LIBRARIAN'S REPORT

A backward glance over the past year is encouraging; 6,840 books and magazines were checked out, which is 704 more than went out in 1966. The evening hours are increasingly popular; Saturdays 3,684 (218 less than '66); Monday evenings — 2,408, (428 more than '66); Thursday evenings, 748, (494 more than '66).

Ten members of the Friends of the Library Assn. continued to serve on a regular schedule as library aids. They are Mrs. William Cameron, Mrs. Mary S. Edmunds, Mrs. Frank Hatch, Jr., Mrs. Archibald Kerr, Mrs. Lewis McIntosh, Mrs. Robert Myers, Mrs. H. Franklin Parker, Mrs. Clarence Shaw, Mrs. John Sweet, Mrs. Elliott Vestal. The officers of the Assn. are Mrs. Robert Myers, Pres; Mrs. H. Franklin Parker, V. Pres.; Mrs. Archibald Kerr, Sec. and Treas. New members are welcome and needed.

Mrs. James C. Bates continued as Asst. Librarian and Mrs. Edwin Hussey has been appointed a Trustee by the Selectmen to fill the unexpired term of Mrs. Leonard Dodge whose resignation took effect on 31st Dec. '67.

This report ends with gratitude to all those who have helped the library to prosper — and with a plea to a kind townsman to get a few friends together and put up some additional book cases for us. We can get along without movable shelves which are so time consuming to construct, and we have money for the materials.

REPORT OF CHICHESTER SCHOOL BOARD
1967-1968

The past year marks a milestone in the continuing growth and improvement of your educational facility. The addition of two classrooms made it possible to split the first and second grades. The size of these lower grades makes it imperative that they be divided if the children are going to get the attention and instruction they need in these all-important basic years.

The two new rooms are constructed in such a manner that an easily-operated sliding partition combines them into one large room for meetings, showing films to large groups and things of this nature. The wall in the south corridor has been completed separating the classroom in that corner from the confusion of traffic through the outside door. Toilet facilities have been added to two more rooms making a total of four rooms which can be utilized for first and second grade classes.

In the kitchen a new freezer has been added providing storage room sufficient to hold all frozen supplies at the school. Additional dishes have been purchased as the number of children taking hot lunches approached and surpassed the supply of dishes. At the time of this writing arrangements are nearly complete for the installation of a dishwashing unit. This will provide sterilization of dishes and eating utensils which cannot be attained by the most diligent hand washing. The lunch program is going extremely well under the direction of our new cook, Mrs. Jane Sargent, and Mrs. Mabel Stevens.

Another important aid this year was the addition by the supervisory union of an assistant superintendent in the person of Mr. John Day. Mr. Day has given us much time this year in the field of teacher procurement, and assistance.

Your school nurse, Mrs. William Ackley, has done an outstanding job in the health field, including health education, examinations, and advising your school board of steps necessary to safeguard the health of your school children.

Superintendent, Raymond Morton; Assistant, John Day; and Principal, Richard Fowler, have worked closely and diligently with your school board, attending all meetings with suggestions and reports of results.

The continued increase in enrollment has added the burden of very large classes to the normal teaching problems in some grades; however, the teaching staff has done an excellent job, and found time to assist the children in extra activities such as vocal music, sports, art and many other things which help round out a child's education and personality.

With enrollment approaching 220, with no indication of a reverse in trend, every method of providing these children with the best education is being thoroughly and constantly studied.

Although one is apt to forget the phase that presents few problems we haven't forgotten ours. We are happy to report that Mr. Kempton Ricker has done his usual efficient and cooperative job in the field of transportation.

Additional part time assistance has been provided your Custodian, Mr. Harry Elliott, to care for the larger building. Mr. Elliot continues to look after many repairs and maintenance items at a substantial saving to the district.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Chichester:

The addition of two classrooms has enabled us to create two divisions of grade one and two divisions of grade two. The school now has grown to ten classrooms with ten teachers. However, this building project has not actually enabled us to keep up with needs which presently exist and has made no provision for future growth.

It is highly desirable that still more space be made available in the very near future so that large grades may be divided. If it becomes necessary to maintain large numbers of pupils in a single classroom it is obvious that these pupils will not have the educational opportunities available to those pupils in rooms with smaller enrollments.

The Board is much concerned about this problem and is investigating all possible solutions. In addition to operating the school the Board is continually aware of needs and will make recommendations to the District voters which will enable Chichester to provide desirable educational opportunities for all Chichester children.

Per pupil costs for materials and supplies continue to increase as do tuition rates for high school pupils. The Board must suggest budget increases to meet these increased costs. I am sure that the primary concern of the Board will continue to be that of providing the best possible education for each dollar of expenditure.

RAYMOND E. MORTON,
Superintendent of Schools
